THREE HUNDRED LIVES ARE LOST

Terrible Storm Swept Over the Philippine Islands.

WORST IN MEMORY OF MAN

Heavy Typhoon and Torrential Rains Throughout the Gagayan Valley and in the Mountains—Rivers Flooded and Swept Everything Before Them in Their Path to the Sea—Hundreds of Animals Carried Away.

Manila, Oct. 22.—Belated reports indicate that the storm of Oct. 12 in the Gagayan valley was the worst and most destructive within the memory of living inhabitants of the valley. The official figures are not yet available, as many places have not been heard from, but it seems certain that the number of dead will reach 300.

There was a heavy typhoon and torrential rains throughout the valley and in the mountains. The rivers were flooded and in many places rose to a height of thirty feet, sweeping everything before them in their path to the sea. Hundreds of animals and horses were swept away by the waters.

At Aparsi, which was almost completely under water, the American residents, headed by Lieutenants Treadaway and Clark, Postmaster Foss and Engineer Clark, formed a rescue brigade which rescued scores of natives, taking many off of their houses, which were floating down the river.

The government has dispatched a coast guard cutter to investigate conditions and organize relief.

It is reported that cholera has broken out among the refugees.

NOAH GETS A REPRIEVE.

Appeal to Supreme Court Taken in North Dakota Man's Case.

Bismarck, N. D., Oct. 22.—D. M. Noah, condemned to be hanged Thursday night at the state penitentiary here for the murder of Gust Johnson near Kenmare, this state, last March, will not be executed as scheduled. His attorneys secured an appeal to the supreme court, which acts as a stay of execution pending application for a new trial. This delay will give the attorneys time to apply to the state pardon board for commutation of sentence to life imprisonment on the ground of insanity.

Governor Burke, on application for a reprieve, ordered the superintendent of the state insane asylum to come here and examine Noah as to his sanity and he and other doctors are at the penitentiary on such quest. The same scaffold on which John Rooney was hanged two years ago is ready. Noah took the notification of delay very indifferently.

CHILD COMMITS SUICIDE.

Little Girl Ends Life Because Everybody Was Mean to Her.

Chicago, Oct. 22.—Elsie Lenhardt, eleven years of age, committed suicide at her home here. The child left a note saying that everybody was "mean" to her and then turned on the gas in her room, where later she was found dead.

On breaking open the door, Mrs. Lenhardt, the mother, found that the child had barricaded herself in with furniture. On a table was the note, as follows:

"Dear Mother—I killed myself because everyone is mean to me. I no longer want to live. I am sorry I done what I did. You will no longer have any trouble with me, and I hope you will forgive me for what I have done. Best wishes and good luck to you all of your life. Thank God I will be with my father."

Mrs. Lenhardt is a widow. A photograph of the father was found clutched in the child's hands.

BIG LOANS TO HIS SECRETARY

Made by Financier Morse of New York City.

NOTES CASHED BY THE BANK

With the Proceeds Stocks of the American Ice Company Would Be Purchased and the Ice Stock Would Be Used to Obtain Another Loan From the Bank—Failure of Ice Stock to Rise Above Par Broke the Endless Chain.

New York, Oct. 22.—Into the testimony at the trial of Charles W. Morse and his co-defendant, Alfred H. Curtis, who are charged before Judge Hough in the criminal branch of the United States court with conspiracy and violation of the national banking laws, was introduced the name of Miss Kate A. Wilson, secretary to Mr. Morse, and the prosecution produced witnesses who testified to large loans made by the National Bank of North America, a Morse institution, to Miss Wilson.

Edwin Moxley, a government bank examiner, who has proved at this hearing that he is a wizard at figures, was the principal witness relative to the big loans made to the financier's faithful secretary, summed up his testimony as follows:

"On her bare and unsupported note, Morse would loan Miss Wilson a sum of money. Miss Wilson's note would be cashed by the National Bank of North America, and with the proceeds stock of the American Ice company would be purchased. Then the ice stock would be used to secure another loan from the bank. With the money thus secured bank stock would be purchased, and the bank stock aided in supporting the ice stock pools in which Morse and other financiers were interested. The failure to raise the price of ice stock above par was what caused the break in the endless chain."

ONE OF THEM PERISHED.

Two Men Carried Out Into Long Island Sound by Wind and Tide.

New Haven, Conn., Oct. 22.—While trying to cross the harbor in a small boat from Morris Cove to Savin Rock, Howard B. Welch of West Haven and Charles A. Prindle of this city were carried out into the Long Island sound by the wind and tide and were later picked up by the steamer Richard Peck, bound for New York on her regular trip.

The men were towing a raft across the harbor. Their skiff began to ship water from the high waves. In their efforts to keep the craft afloat it was blown out into the sound. Sitting up to his waist in icy water, Prindle soon succumbed and lay down on the seats, where Welch had difficulty in keeping him from drowning.

The Richard Peck's lights were sighted early in the morning and Welch's cries were heard by the pilot. Welch fainted as the rescuing boat reached him, but revived as the small boat was returning to the Peck without Prindle and warned the rescuers that they were leaving the other man in the skiff. Prindle was apparently alive when taken on board the steamer, but died in a few minutes.

DINNER AND BALL GIVEN.

In Honor of Visit of American Fleet by Japanese Premier.

Tokio, Oct. 22.—The dinner and ball given in honor of the visit of the American fleet of battleships by Premier Katsura at his residence brought together about 1,000 prominent people, including all the American officers who were invited to the ball. The guests at the dinner, however, were confined to those holding official positions. There were no set speeches. Premier Katsura proposed the health of President Roosevelt and American Ambassador O'Brien that of the emperor of Japan. A toast to the fleet by the premier was responded to by Rear Admiral Sperry.

The ball was the most brilliant function of the week, and brought the Americans and Japanese into the closest touch. American officers danced with the wives and daughters of Japanese, the majority of whom were dressed in European costumes.

Forest Fires Have Abated.

Alpena, Mich., Oct. 22.—Reports from various points throughout the Metz forest fire district show that the fires have abated. Every day brings reports of additional families made destitute by the fires but relief measures are being executed on a large and liberal scale, the entire state having responded generously to Governor Warner's appeal for aid.

50, 52 and 54 inch wide

\$1.25 Dress Goods 69c

Here is one of the biggest dress goods bargains we have ever had the privilege of offering to you.

These dress goods are 50 to 54 inches wide and are the very best styles you can obtain. They are the last 3 to 5 yards that remain from bolts that have been cut up into patterns by a Chicago wholesale house. We purchased these short lengths at tremendous reductions and you now get these at 69c the yard.

There are splendid color assortments for dresses, excellent styles for waists and skirts and some most splendid things for children's dresses.

This price makes these goods cheaper than any 36 inch cloth at 50c and the qualities are much better.

There are some figured broad cloths in the lot and this price will make cheap woolens for petticoats. They are as cheap as 25 and 27 inch all wool goods at 35c would be.

These materials go on sale in our Bargain Basement and you will do well to get your first choice—by far the cheapest lot of dress goods you can select from.

We shall add to the basement stock a number of silk waist patterns that will sell for a mere portion of their values. See these too.

BARGES FOUND AND THE CREWS SAVED

Sixteen Persons Rescued From Stranded Craft.

Houghton, Mich., Oct. 22.—Fifteen men and one woman, comprising the crews of the barges Selvin Marvin and Lizzie A. Law, were rescued after a thrilling and perilous experience on Lake Superior. Cast adrift Monday night in a storm when the tow line which connected them with the steamer Edward L. Hines parted, the two barges, with their helpless persons, drifted all Monday night at the mercy of the waves and early Tuesday were swept on the rocks on the east shore of Keeweenaw peninsula, about ten miles from Portage Entry. Unable owing to the dense forest fire smoke, to determine where they were, the castaways remained at the scene of the wreck until they were discovered and taken on board the steamer Hines, which had been searching for them.

The Marvin rode the storm fairly well and found a snug place in the rocks when she drifted ashore. When located she was scuttled to prevent her pounding on the rocks and being broken to pieces.

The Lizzie A. Law is reported a total wreck and her crew had a terrifying experience as they drifted, tossing and rolling in the mountainous sea, with the night made blacker by thick forest fire smoke, and unable to tell what moment they would be dashed to destruction on the rocky coast. All Monday night the waves washed high over the barge and as soon as the barge struck the rocks she began to break to pieces. One of the sailors then volunteered to carry a line ashore in a small boat. His little raft was swamped in the effort, but the sailor managed to cling to the line and swim with it through the surf to the land. The persons on board the Law, including one woman, were then brought safely to shore on the lifeline, and remained watching the destruction of their vessel until the Hines found them and brought them to Houghton, the crew of the stranded Marvin being taken on board the Hines at the same time.

BROODED OVER MURDER.

Indiana Man Went Insane as a Consequence.

Laporte, Ind., Oct. 22.—Brooding over the murder of Wesley Reynolds, a bank clerk, sixteen years old, who six years ago while defending the cash in Smith's bank at Westville, LaPorte county, was shot to death by robbers following an exchange of a score of shots, Allen Koontz, thirty-six years old, who heard the shooting and was one of the first persons on the scene following the escape of the murderers, was adjudged insane

Koontz imagines he is accused of murder. On Monday Koontz made an unsuccessful attempt to assassinate E. E. Nichols, a business man, who was passing Koontz' home. Koontz fired three shots at Nichols, but all missed their mark. Koontz said that there was a "machine" telling him what people were going to do to him, but he could not describe the nature of the machine.

The Wesley Reynolds murder has never been solved. Officers were satisfied that the Eddie Guerin gang attempted to loot the bank and murdered the boy.

McFarland Defeats Cross.

New York, Oct. 22.—Out of the West came "Packy" McFarland, a lightweight fighter, and for five rounds he hammered Leach Cross, the "Pride of the Ghetto," with such precision as to earn a decided victory at the end of the six-round bout. At the same time he set in the background Cross' aspirations and enhanced his own chances for a mill with Battling Nelson for the lightweight championship of the world.

Failed to Save the Woman.

Ellis, Kan., Oct. 22.—Hope has been abandoned that Mrs. Thomas Chapman, whose funeral was stopped Tuesday by physicians who doubted her demise, could be brought back to life. Doctors worked over her all night, but discolorations appeared on the body, which made it certain life was extinct. Friends had gathered for the funeral and the body was in the coffin Tuesday when the doctors interred.

CROW WING COUNTY WHEAT IS GOOD

Sample Submitted to Government
Experts at Duluth Given
Mark of 98 Per Cent

NONE BETTER IS GROWN

Sample Submitted by Brainerd
Milling Company from Wheat,
Bought of Farmers

The theory that Crow Wing county could not raise good wheat is exploded.

The high standard of the Roman Flour turned out by the Brainerd Milling company should have proven it, but some have been doubting Thomases, believing that much of the wheat had been shipped in. That there is no better wheat than can be raised here has been conclusively proven by the analysis of a sample of home grown wheat submitted by the Brainerd Milling company to the Government Grain Standardization Laboratory of Duluth. The wheat was Northern Hard Red, the highest grade of milling wheat known to the trade and the sample was taken from a bin of wheat in which that bought from a large number of farmers had been dumped and mixed, making it a good average sample.

The government laboratory report has arrived and was shown by Mr. Swan to THE DISPATCH and it gives the wheat the high mark of 98 per cent, which is equal to any wheat received from any source.

The Brainerd Milling company is going to considerable expense to demonstrate to the people that they can raise wheat here which will rank with the best in the country and that they are here to give the farmers a good home market.

It is to the interest of every farmer, as well as of every business man to help this home market by patronizing the mill and its output.

The mill company is here to stay and farmers can sow wheat with the certainty of having a cash home market at the highest price possible, as the mill management much prefers to buy direct from the farmers to being compelled to depend on Western Minnesota, the Dakotas or the city markets for their supply.

The farmer who wishes will be able, by giving notice in advance to secure first class seed wheat at the mill.

This is their first visit to the west and they are so well pleased they will make a coast trip next season, via Denver, where he has a brother. Mr. Dinny was amazed to see the magnitude of the N. P. R. R. shops. Mr. and Mrs. Dinny will stop over in St. Paul one day with Mr. Chas. Nichols and family, a cousin of Mrs. Dinny, and also meet Mrs. Henry Nichols, their aunt late from Spokane, Wash., and from there go direct home.

GETS REWARD FOR HUSBAND'S HEROISM

Mrs. Cornelia C. Augusta Schultz and Orphans are Granted Sum from Carnegie Fund

THRU EFFORTS OF R. R. WISE

Mayor Wise and Others Interested Themselves in Behalf of Widow of Brainerd Hero

That the efforts of Mayor Wise to have Mrs. Cornelia Schultz, widow of Augusta Schultz, made a beneficiary of the Carnegie hero fund has been successful is shown from the telegram from Pittsburg given below. Mr. Schultz, it will be remembered was drowned in Rice Lake while saving the life of Mrs. G. H. Woerner. He left a widow and several children, one having been born since the father's death.

There cannot be too much credit given to Mr. Wise for his excellent work in this matter. As soon as the sad plight of Mrs. Schultz was made known to him he took up the work of securing recognition for her from the Carnegie hero fund, and by hard work was successful.

REGISTER TUESDAY

Next Tuesday Will Be a General Registration Day for the Coming Election

Every voter in Brainerd should see to it that he is properly registered for the coming election. Tuesday next, Oct. 27, will be registry day in cities of the fourth class, of which Brainerd is one. The registration boards will sit in the same places as the primary election were held, with the exception of the Fifth ward, where the registration election will take place in the vacant store room in the Sleeper block, the building on South Sixth street having been rented and is now occupied by a confectionery store. It is unnecessary for anyone who voted at the primary to register unless he has moved since that date. If so, he should appear and have his present residence properly placed on the registry list.

THE CAMPAIGN

Republicans will Canvas the County From Now Until Election Day for Success of Ticket

At a meeting of the Taft-Jacobson club on Monday evening a county campaign was planned with local speakers and candidates for the local offices. Commencing Monday evening of next week meetings will be held in as many of the surrounding towns as can be covered during the time between now and election day. The dates fixed upon so far are:

Pequot, Monday night, Oct. 26th, at Woodman hall.

Long Lake, Tuesday night, Oct. 27, at the Hughey school house.

Davenport's, Tuesday night, Oct. 27th, at the Kreh school house.

Oak Lawn, Wednesday night, Oct. 28th, at the Aspholm school house.

Bay Lake, Thursday night, Oct. 29, at the school house.

Deerwood, Saturday night, Oct. 31, at Odd Fellow's hall. The Deerwood meeting will be addressed by Hon. C. A. Lindbergh, who has been engaged for two meetings for this county. The other date of Congressman Lindbergh's will be in Brainerd on Friday evening, Oct. 30th, and will be advertised as soon as arrangements are completed as to the place of holding the same.

Owing to the fact that the democrats held no city convention, democratic names will be scarce on the city ticket at the coming election.

The republican primaries will be held this evening in the various wards. The caucus in the First Ward will be held at the Gardner building on Sixth street south, the Second Ward at the court house, the Third and Fourth Wards at the hose houses, and the Fifth Ward in the Farrar building on Sixth street south near the mill track.

Where Bullets Flew

David Parker, of Fayette, N. Y., a veteran of the civil war, who lost a foot at Gettysburg, says: "The good Electric Bitters have done is worth more than five hundred dollars to me. I spent much money doctoring for a bad case of stomach trouble, to little purpose. I then tried Electric Bitters, and they cured me. I now take them as a tonic, and they keep me strong and well." 50c at H. P. Dunn's drug store.

Plenty of Ties in Sight to Keep Tie Plant Running all Winter Would Weather Permit

WORKING FULL CREW NOW

Crew is Also at Work Laying Mains for Fire Protection System at Tie Plant

The tie preserving plant of the Northern Pacific west of the city is an unusually busy place at present. The tie plant is working with a full crew, including men loading and unloading ties and peeling ties. In addition to this R. E. McFarlane, supervisor of bridges and buildings has a crew of men at work laying pipe for the fire protection system being installed. This as mentioned some time ago will be quite extensive, including a mile and a half of 8-inch main with a fire hydrant every 150 feet. There will be a huge steel tank erected on the hill southwest of the plant. It will be put up on a 60-foot trestle, thus giving a very good pressure from the tank alone. The pressure, however, will not be dependent upon that alone, but a large fire pump will be installed, thus giving them any pressure needed.

There are said to be 700,000 ties in sight to come to the Brainerd yards in the near future, which would keep the plant busy all winter, but it is impracticable to run when the weather is below zero, and it is almost certain that the crew will be taken to Paradise about the first of January, and will operate the plant there during the winter months. All ties are shipped out as fast as they are treated and it is said that even then the company is compelled to use many untreated ties, which it is loathe to do.

The bride was prettily dressed in a gown of dark blue silk. Miss Sherman is well known in the city having spent seven years of her life here and is beloved by a large circle of friends. GETS REWARD FOR HUSBAND'S HEROISM

Mrs. Cornelia C. Augusta Schultz and Orphans are Granted Sum from Carnegie Fund

THRU EFFORTS OF R. R. WISE

Mayor Wise and Others Interested Themselves in Behalf of Widow of Brainerd Hero

That the efforts of Mayor Wise to have Mrs. Cornelia Schultz, widow of Augusta Schultz, made a beneficiary of the Carnegie hero fund has been successful is shown from the telegram from Pittsburg given below. Mr. Schultz, it will be remembered was drowned in Rice Lake while saving the life of Mrs. G. H. Woerner. He left a widow and several children, one having been born since the father's death.

There cannot be too much credit given to Mr. Wise for his excellent work in this matter. As soon as the sad plight of Mrs. Schultz was made known to him he took up the work of securing recognition for her from the Carnegie hero fund, and by hard work was successful.

MINNESOTA HEROES

Max Suess, North Mankato, Minn., lost life while trying to save Eva Ehlers and Maud Worless from drowning; silver medal awarded Eleanor Suess, mother, and \$30 a month and \$5 additional a month for her son, Joseph.

August H. C. Hanson, Owatonna, Minn., aged eighteen, bronze medal and \$2,000 for rescuing Misses Hazel M. Shaw and Bertha L. Berden, who, while skating, went under the ice on straight river.

William A. Cross of Grand Forks, N. D., was awarded a bronze medal for rescuing Michael W. Colton of Menton, Minn., from drowning in Maple lake.

William A. Schneider of Oelwein, Ia., was awarded a bronze medal and \$1,100 toward paying debts.

It is unnecessary for anyone who voted at the primary to register unless he has moved since that date. If so, he should appear and have his present residence properly placed on the registry list.

THE CAMPAIGN

Republicans will Canvas the County From Now Until Election Day for Success of Ticket

At a meeting of the Taft-Jacobson club on Monday evening a county campaign was planned with local speakers and candidates for the local offices. Commencing Monday evening of next week meetings will be held in as many of the surrounding towns as can be covered during the time between now and election day. The dates fixed upon so far are:

Pequot, Monday night, Oct. 26th, at Woodman hall.

Long Lake, Tuesday night, Oct. 27, at the Hughey school house.

Davenport's, Tuesday night, Oct. 27th, at the Kreck school house.

Oak Lawn, Wednesday night, Oct. 28th, at the Aspholm school house.

Bay Lake, Thursday night, Oct. 29, at the school house.

Deerwood, Saturday night, Oct. 31, at Odd Fellow's hall. The Deerwood meeting will be addressed by Hon. C. A. Lindbergh, who has been engaged for two meetings for this county. The other date of Congressman Lindbergh's will be in Brainerd on Friday evening, Oct. 30th, and will be advertised as soon as arrangements are completed as to the place of holding the same.

Owing to the fact that the democrats held no city convention, democratic names will be scarce on the city ticket at the coming election.

The republican primaries will be held this evening in the various wards. The caucus in the First Ward will be held at the Gardner building on Sixth street south, the Second Ward at the court house, the Third and Fourth Wards at the hose houses, and the Fifth Ward in the Farrar building on Sixth street south near the mill track.

Where Bullets Flew

David Parker, of Fayette, N. Y., a veteran of the civil war, who lost a foot at Gettysburg, says: "The good Electric Bitters have done is worth more than five hundred dollars to me. I spent much money doctoring for a bad case of stomach trouble, to little purpose. Then they tried Electric Bitters, and they cured me. I now take them as a tonic, and they keep me strong and well." 50c. at H. P. Dunn's drug store. t t s

WILL RUN TILL THE NEW YEAR

Plenty of Ties in Sight to Keep Tie Plant Running all Winter Would Weather Permit

WORKING FULL CREW NOW

Crew is Also at Work Laying Mains for Fire Protection System at Tie Plant

The tie preserving plant of the Northern Pacific west of the city is an unusually busy place at present. The tie plant is working with a full crew, including men loading and unloading ties and peeling ties. In addition to this R. E. McFarlane, supervisor of bridges and buildings has a crew of men at work laying pipe for the fire protection system being installed. This as mentioned some time ago will be quite extensive, including a mile and a half of 8-inch main with a fire hydrant every 150 feet. There will be a huge steel tank erected on the hill southwest of the plant. It will be put up on a 60-foot trestle, thus giving a very good pressure from the tank alone. The pressure, however, will not be dependent upon that alone, but a large fire pump will be installed, thus giving them any pressure needed.

There are said to be 700,000 ties in sight to come to the Brainerd yards in the near future, which would keep the plant busy all winter, but it is impracticable to run when the weather is below zero, and it is almost certain that the crew will be taken to Paradise about the first of January, and will operate the plant there during the winter months. All ties are shipped out as fast as they are treated and it is said that even then the company is compelled to use many untreated ties, which it is loathe to do.

Sherman-Bonnerville

The marriage of Miss Emma Ethel Sherman, daughter of Mr. and Mrs. C. H. Sherman, to Mr. Ben Bonnerville, was solemnized at 8:30 o'clock on Wednesday evening at the home of the bride's parents, Rev. W. J. Lowrie performing the ceremony. On account of a brother-in-law of the groom lying at the point of death, the wedding was very quiet only members of the family being present. The bride was prettily dressed in a gown of dark blue silk. Miss Sherman is well known in the city having spent seven years of her life here and is beloved by a large circle of friends. Mr. Bonnerville is a son of Mrs. Steven Bonnerville of Aitkin. The young couple departed on the early morning train for Aitkin where they will spend a week. After November second they will be at home to their friends at the Mohr Hotel, Deer River, Minn., where Mr. Bonnerville has a position with the Great Northern Railway.

At the Methodist Episcopal parsonage this morning, Mat Williams and Ruby Alexander were quietly married in the presence of a few friends. The ring service at the church was read by the Rev. Charles Fox Davis. Both of the young people belong to Brainerd and will make this city their future home. Mr. Williams is in the employ of the M. & I. The young couple will be home to their friends on Sixth street south, next week.

A PRECARIOUS EXISTENCE.

Mental Tribulations of the Superstitious Woman.

The superstitious woman started to go downtown, but found that she had forgotten something. It was hard work to get her to go back for it, but when she did sat down for a few minutes to "take the curse off" before going out again. On the sidewalk she passed a cross eyed man and had hard work to keep from spitting three times over her left shoulder. The first car that came along was No. 13. She let it go by and waited eight minutes for another. On the way downtown she remarked to a friend that she "had been in excellent health lately." Instantly she was obliged to loose her glove and rub her bare palm on the wood of the bench before her. As she and her friend were walking on Twenty-third street some thoughtless person darted between them. The superstitious woman was much disturbed and worried over the thought of a coming separation.

That night her husband upset the saltcellar. She insisted on his taking a pinch of the salt and throwing it over his shoulder. When she disrobed for the night she discovered that she had been wearing one stocking wrong side out all day. It was the sign of good luck, and it allowed her to go to bed happy. But some time in the night a dog howled dismal under her window. From that moment she has been looking for a calamity. Nothing will make her believe that there will not soon be a death in her immediate family.—St. Louis Republic.

The marrow in the bone of political contention is the continuance of Republican prosperity.

BRYAN TOURS TAFT'S STATE

Monster Crowds Greet Democratic Candidate.

PLEASED WITH HIS RECEPTION

Nebraskan Gratified at the Welcome
Accorded Him in the Home State
of His Opponent—Pitilessly Fires
Broadside After Broadside Into the
Republicans for Their Campaign
Tactics.

Marietta, O., Oct. 22.—Monster crowds and lusty cheering was Ohio's greeting to William J. Bryan. Just before the Democratic candidate passed over the line into West Virginia he expressed himself as exceedingly well pleased with the reception accorded him in the native state of his Republican opponent. Although the day was a hard one for him, Mr. Bryan exhibited no signs of fatigue. Inspired by the fact that he literally was carrying his warfare into the camp of his political enemy, he spoke with a display of vigor that even those who have been constantly with him throughout the campaign could not help but note.

While still in bed in the morning a newspaper was handed into his state room and Mrs. Bryan read to him a dispatch stating that the New York Central railroad system was threatening its employees with a reduction in wages if he was elected, but promising an increase in work and wages if he was defeated. This was his cue for the day and he pitilessly fired broadside after broadside into the Republicans for their campaign tactics.

He regarded the action of the railroad company as a "new menace," and declared that "the little ward heeler who goes around and bribes a man with \$5 is a moral character beside the man who attempts to use his power to threaten those who work for him and to buy them by a promise of increase or threaten by a promise of a decrease."

Demands Retraction by Roosevelt.

At Akron before an immense throng Mr. Bryan demanded that President Roosevelt correct the misstatement which he said the president had made to the effect that the Democratic national committee had received \$300,000 from the old national committee or from some other source. He said the president knew this was not true and demanded that he have the frankness to say so. This demand was based on a charge made by a Republican Akron paper that Mr. Bryan misrepresented the facts when he declared that Mr. Sherman had been introduced there by the president of the match trust. The Democratic candidate accepted the paper's version and frankly said he had no intention of deliberately placing Mr. Sherman in the position he did in that connection. Mr. Bryan said he wanted the paper to deal with the president as it had dealt with him.

Sixteen speeches were made by the candidate. While talking to a vast throng in front of the Todd House in Youngstown in Ohio a big card signed by a number of the workers in the steel plants were sent to him bearing the message:

"We can't be with you today, but we will be on Nov. 3." Mr. Bryan afterwards learned that a number of plants which had been working with reduced numbers had for the first time in some months started up with their full complement of men. A number of the mill workers, however, were in the great audience. Mr. Bryan's arrival being at a time when the regular shifts were being made.

A kindly reference to Mr. McKinley at Niles, the birthplace of the late president, moved the crowd to cheers. The route of travel was through many recognized Republican strongholds and it was at such places that the candidate fired his heaviest batteries. Mr. Taft got his share of criticism, particularly in the matter of campaign contributions, and his attitude regarding the trust and labor questions.

DENIED BY DEMOCRATS.

Story That Race Track Interests Are Raising Big Sum to Elect Chanler.

New York, Oct. 22.—Reports that race track interests and followers of racing were raising a campaign fund of \$500,000 to be used for the election of Lieutenant Governor Lewis Stuyvesant Chanler were met with vigorous denial by State Chairman Conners and Charles F. Murphy, leader of Tammany Hall. Mr. Murphy said that if any such fund was being raised he knew nothing of it, and not a bit of it had reached Tammany Hall. Chairman Conners characterized the report as the invention of the opponents of the Democratic party, and added that the story contained not a scintilla of truth.

A mass meeting of the Democratic college men's organization will be held in this city Oct. 27 and W. J. Bryan will make an address.

Grain Elevators Burned.

Vincennes, Ind., Oct. 22.—A fire loss of over \$100,000 was recorded here when the grain elevators of Bartlett, Kuhn & Co. of Terre Haute and the plant of the Empire Paper company were burned.

FOR REPUBLICAN TICKET.

Chairman Hitchcock Says New York Is Absolutely Safe.

New York, Oct. 22.—On the eve of his last campaign visit to Chicago, where he will remain two days, Chairman Frank H. Hitchcock of the Republican national committee declared that New York was absolutely safe for the national and state tickets, and added that he was confident that California, Oregon and Washington would give large Republican pluralities. He was satisfied also, he said, with conditions in Colorado, Nebraska and Kansas, and he thought Montana was safely Republican, though he did not look for any overwhelming pluralities in that state. As to Missouri, Kentucky and Maryland, he regarded the last named state as surely Republican, and in the other two he thought there was a fighting chance.

HAVE COME TO AN END.

Seismic Disturbances That Occurred Near Manila.

Manila, Oct. 22.—The recent seismic disturbances which have been agitating the earth in the vicinity of Manila in the past three days seem to have come to an end. Fifty-five separate shocks are shown in the seismograph records for the past twelve hours and of the total number of shocks recorded since the disturbances began, the report extending over a period of thirty hours, two are classified as "strong," nine "imperceptible," and the rest as "microseismic." Telegraphic reports from various sections of the island show that the disturbances were most strongly felt on the east coast of Luzon, but no damage is recorded. Experts express the belief that the focus of the whole disturbance is located in the Pacific ocean close to the coast of Luzon.

Negotiations Broken Off.

Paris, Oct. 22.—A special dispatch from Constantinople says that negotiations between Austria-Hungary and Turkey have been definitely broken off, the porte refusing to accept the annexation of Bosnia and Herzegovina as an accomplished fact.

Mental Tribulations of the Superstitious Woman.

The superstitious woman started to go downtown, but found that she had forgotten something. It was hard work to get her to go back for it, but when she did sat down for a few minutes to "take the curse off" before going out again. On the sidewalk she passed a cross-eyed man and had hard work to keep from spitting three times over her left shoulder. The first car that came along was No. 13. She let it go by and waited eight minutes for another. On the way downtown she remarked to a friend that she "had been in excellent health lately." Instantly she was obliged to loose her glove and rub her bare palm on the wood of the bench before her. As she and her friend were walking on Twenty-third street some thoughtless person darted between them. The superstitious woman was much disturbed and worried over the thought of a coming separation.

That night her husband upset the saltcellar. She insisted on his taking a pinch of the salt and throwing it over his shoulder. When she discovered that she had been wearing one stocking wrong side out all day. It was the sign of good luck, and it allowed her to go to bed happy. But some time in the night a dog howled dismally under her window. From that moment she has been looking for calamity. Nothing will make her believe that there will not soon be a death in her immediate family.—St. Louis Republic.

Mr. Bryan says that he believes in free raw material. He got some of it when he named Governor Haskell of Oklahoma as his campaign treasurer.

BRYAN TOURS TAFT'S STATE

Monster Crowds Greet Democratic Candidate.

PLEASED WITH HIS RECEPTION

Nebraskan Gratified at the Welcome Accorded Him in the Home State of His Opponent—Pitilessly Fires Broadside After Broadside Into the Republicans for Their Campaign Tactics.

Marietta, O., Oct. 22.—Monster crowds and lusty cheering was Ohio's greeting to William J. Bryan. Just before the Democratic candidate passed over the line into West Virginia he expressed himself as exceedingly well pleased with the reception accorded him in the native state of his Republican opponent. Although the day was a hard one for him, Mr. Bryan exhibited no signs of fatigue. Inspired by the fact that he literally was carrying his warfare into the camp of his political enemy, he spoke with a display of vigor that even those who have been constantly with him throughout the campaign could not help but note.

While still in bed in the morning a newspaper was handed into his state room and Mrs. Bryan read to him a dispatch stating that the New York Central railroad system was threatening its employees with a reduction in wages if he was elected, but promising an increase in work and wages if he was defeated. This was his cue for the day and he pitilessly fired broadside after broadside into the Republicans for their campaign tactics.

He regarded the action of the railroad company as a "new menace," and declared that "the little ward heeler goes around and bribes a man with \$5 is a moral character beside the man who attempts to use his power to threaten those who work for him and to buy them by a promise of increase or threaten by a promise of a decrease."

Demands Retraction by Roosevelt.

At Akron before an immense throng Mr. Bryan demanded that President Roosevelt correct the misstatement which he said the president had made to the effect that the Democratic national committee had received \$300,000 from the old national committee or from some other source. He said the president knew this was not true and demanded that he have the frankness to say so. This demand was based on a charge made by a Republican Akron paper that Mr. Bryan misrepresented the facts when he declared that Mr. Sherman had been introduced there by the president of the match trust. The Democratic candidate accepted the paper's version and frankly said he had no intention of deliberately placing Mr. Sherman in the position he did in that connection. Mr. Bryan said he wanted the paper to deal with the president as it had dealt with him.

Sixteen speeches were made by the candidate. While talking to a vast throng in front of the Todd House in Youngstown in Ohio a big card signed by a number of the workers in the steel plants were sent to him bearing the message:

"We can't be with you today, but we will be on Nov. 3." Mr. Bryan afterwards learned that a number of plants which had been working with reduced numbers had for the first time in some months started up with their full complement of men. A number of the mill workers, however, were in the great audience, Mr. Bryan's arrival being at a time when the regular shifts were being made.

A kindly reference to Mr. McKinley at Niles, the birthplace of the late president, moved the crowd to cheers. The route of travel was through many recognized Republican strongholds and it was at such places that the candidate fired his heaviest batteries. Mr. Taft got his share of criticism, particularly in the matter of campaign contributions, and his attitude regarding the trust and labor questions.

DENIED BY DEMOCRATS.

Story That Race Track Interests Are Raising Big Sum to Elect Chanler.

New York, Oct. 22.—Reports that race track interests and followers of racing were raising a campaign fund of \$500,000 to be used for the election of Lieutenant Governor Lewis Stuyvesant Chanler were met with vigorous denial by State Chairman Conners and Charles F. Murphy, leader of Tammany Hall. Mr. Murphy said that if any such fund was being raised he knew nothing of it, and not a bit of it had reached Tammany Hall. Chairman Conners characterized the report as the invention of the opponents of the Democratic party, and added that the story contained not a scintilla of truth.

A mass meeting of the Democratic college men's organization will be held in this city Oct. 27 and W. J. Bryan will make an address.

FOR REPUBLICAN TICKET.

Chairman Hitchcock Says New York Is Absolutely Safe.

New York, Oct. 22.—On the eve of his last campaign visit to Chicago, where he will remain two days, Chairman Frank H. Hitchcock of the Republican national committee declared that New York was absolutely safe for the national and state tickets, and added that he was confident that California, Oregon and Washington would give large Republican pluralities. He was satisfied also, he said, with conditions in Colorado, Nebraska and Kansas, and he thought Montana was safely Republican, though he did not look for any overwhelming pluralities in that state. As to Missouri, Kentucky and Maryland, he regarded the last named state as surely Republican, and in the other two he thought there was a fighting chance.

HAVE COME TO AN END.

Seismic Disturbances That Occurred Near Manila.

Manila, Oct. 22.—The recent seismic disturbances which have been agitating the earth in the vicinity of Manila in the past three days seem to have come to an end. Fifty-five separate shocks are shown in the seismograph records for the past twelve hours and of the total number of shocks recorded since the disturbances began, the report extending over a period of thirty hours, two are classified as "strong," nine "imperceptible," and the rest as "microseisms." Telegraphic reports from various sections of the island show that the disturbances were most strongly felt on the east coast of Luzon, but no damage is recorded. Experts express the belief that the focus of the whole disturbance is located in the Pacific ocean close to the coast of Luzon.
